THE PROMISE

We don't strategize. We install.

Members lock the rate they join at — for as long as their membership stays active.

STRATEGY

The Lead-Gen Flywheel

Five forces that compound — each turn lowers the cost of the next member.

WHY A FLYWHEEL?

1. Content

Edmund posts builds, not theory. Each post is a screen recording of an automation he just shipped.

2. Capture

A free tool (CMA Mini, Listing Description Lite) trades email for a working AI workflow.

3. Convert

Founding 50 checkout is one-click. No call. Self-serve at \$497.

4. Community

Members ship → drop wins in Slack → wins become quotes → quotes power the next post.

5. Compound

As Phase 1 fills, Phase 2 opens at +\$100. Loss aversion drives the next 50.

READING THIS MATRIX

Effort = filled dots out of 5. ROI per room = 1 (low) → 5 (high) — pick high-ROI / low-effort channels first.

FUNNEL

From Stranger → Founding Member

Realistic conversion benchmarks for a new info-product funnel in luxury real estate AI.

CONVERSION LEVERS

- Hook (first 3s)**
Show a workflow shipping. Skip intros entirely.
- Proof**
Member quote + screen recording > testimonial card.
- Lead magnet**
Working tool, not a PDF. CMA Mini does the job.
- Tripwire**
\$27 'Listing Description Generator' as path to \$497.
- Urgency**
Live phase counter + Founding 50 deadline.
- Guarantee**
Deploy in 30 days or next month free — repeat everywhere.

THE NUMBER TO BEAT

Hit ~120K monthly reach across owned channels and the Founding 50 fills inside 60–90 days at current benchmarks.

OFFERS

The Lead Magnet Ladder

A staircase of value — each free tool warms the buyer up to the \$497 commitment.

RUNG DESIGN RULE

Each rung must DO something — not just teach. A working tool always beats a PDF.

Every rung captures email + tags interest level so nurture is targeted.

Free → \$27 → \$497 → \$2,500 → \$10K. Each step roughly 5–10× the prior commitment.

Rungs 5 & 6 require a human gate (application or call) — protects fit and price.

CONTENT

The Content Engine

One build per week → one long-form asset → fifteen atomic pieces. The Bogen flywheel.

THE 3 × 3 PILLAR GRID

Rows = pillar. Columns = format. Cell = content idea you can post this week.

	VIDEO	IMAGE / CAROUSEL	TEXT / THREAD
BUILDS	Loom: 9-min CMA build	Reel: before/after of listing description	Carousel: 5-step prompt teardown
PROOF	Member screen-recording	DM screenshot of result	Quote card with build photo
METHOD	YouTube: 'The Bogen Method' explainer	Carousel: Why deploy beats theory	X thread: AI ladder at \$5M brokerage

THE 3-2-1 RULE

3 atomic posts/day · 2 long-form assets/week · 1 live build with Edmund/week.

Cadence is the moat. Most realtors quit at week 3.

INFRASTRUCTURE

The Tech Stack Map

NURTURE

TEAM

THE STACK PRINCIPLE

If you do it twice, automate it. If you automate it twice, document it.

Edmund's Mastermind is the case study — every workflow you install is also a member build.

SALES

The Objection Playbook

The five objections Edmund hears most — and the lines that flip them.

REFRAME · TIME

"I'm too busy to do another program."

That's exactly why this works. The Mastermind is the only program built to install — not teach. Your first build saves you ~6 hours/week. The program pays for itself by Week 3.

REFRAME · ROI

"I'll watch some YouTube first and try myself."

Most realtors who try alone have 'AI homework' for 6+ months and still haven't shipped a workflow. The Founding 50 rate is locked for life of membership — every month you wait is +\$100 across phases.

REFRAME · PRICE

"\$497 is a lot per month."

One closed deal influenced by a faster CMA pays 12 months of membership. And if you don't deploy in 30 days, your next month is free. The risk is on us.

REFRAME · FIT

"I'm not technical enough."

If you can copy-paste a prompt and click 'Send', you can ship a Bogen build. Tech onboarding is included — a Bogen team member ships your first automation in your first 30 days.

REFRAME · SOCIAL PROOF

"I want to talk to a member first."

Open the community Slack right now — pick any member at random and DM them. We tell members to graduate. That's how confident we are.

THE UNIVERSAL CLOSE

"Founding 50 closes at 50 members or May 31, whichever comes first. After that, the rate is gone forever."

Use this in every email, DM, and call wrap-up — until 50 is closed.
